

Information Technology

As we look to how we lead into the future, our IT team is excited to take on portions of this challenge. By using technology in smarter ways, we can improve experiences and connections between students, staff and the families in our community.

Objectives	Key Results
Objective 1: Improve Student, Parent and Staff Experience with Technology	 Move to Microsoft as the main cloud platform Consolidate app access to reduce the number of sign-ins Optimize equipment deployment processes Improve support services
Objective 2: Strengthen Privacy & Security	 Strengthen Cybersecurity awareness 2.
